

Leicester Shire Day Report 15th May 2007, Marriott Hotel Our Future is Your Business

Workshop Outputs

The key points made in the workshops are shown below. For more detailed information see the appendix in the full Leicestershire Day report.

Harnessing Technology

Delegates would like to see...

- Vision for Leicester Shire to harness technology and innovation
- Better co-ordination between users and providers of ICT
- Cultural change within businesses to reduce fear of change and technology
- Co-ordinated support for businesses to enable them to harness technology and find the right technological solutions to meet their needs
- Exploiting technology and innovation, including support to encourage the transfer (and protection) of Intellectual Property to commercial opportunities, including the creation of centres of excellence.
- Better co-ordination between schools, businesses and universities on education and technology.
